## **Article II: General Provisions**

19. This MOU is a statement of intent to consult, cooperate, and exchange information in connection with the supervision and oversight of Covered Firms and their Covered Activities, in a manner that is permitted by, and consistent with, the laws and requirements that govern each Authority. The Authorities anticipate that cooperation primarily will be achieved through ongoing informal consultations and exchanges of information related to Covered Firms with respect to their Covered Activities, supplemented by formal cooperation. The provisions of this MOU are intended to support informal and oral consultations and formal cooperation, and to facilitate the written exchange of non-public information in accordance with applicable laws. A primary goal of this MOU is to foster cooperation and the exchange of information among the Authorities to the benefit of oversight of the Covered Firms.
20. With respect to cooperation pursuant to this MOU, at the date this MOU is executed, each Authority represents that there are no domestic secrecy, blocking or data privacy laws, or other regulations or legal barriers, which should prevent that Authority from providing assistance to another Authority pursuant to this MOU, or otherwise adversely affect or hinder the operation of this MOU.

- a. The French Authorities further represent that under French law,<sup>1</sup> Covered Firms are authorized to supply to the SEC, or provide the SEC directly with access to, information either in writing, including Books and Records, or orally related to Covered Firms' Covered Activities.
  - b. The French Authorities confirm that this MOU complies with the cooperation agreement and reciprocity requirements of Articles L632-7 and L632-17, respectively, of the MFC.
  - c. The SEC represents that U.S. laws do not prohibit a Covered Firm, which also is authorized by the French Authorities, from providing the French Authorities with direct access to its Books and Records, either in writing or orally, related to its Covered Activities.
21. This MOU does not create any legally binding obligations, confer any rights or supersede domestic laws. This MOU does not confer upon any Person the right or ability, directly or indirectly, to obtain, suppress, or exclude any information or to challenge the exchange of information under this MOU.
22. The Authorities will, within the framework of this MOU, provide each other with the fullest cooperation permissible under the Laws and Regulations in relation to the supervision and oversight of Covered Firms.
23. This MOU complements, but does not supersede or alter the terms and conditions of (i) the *Memorandum of Understanding Concerning Consultation, Cooperation and the Exchange of Information Related to the Supervision and Oversight of Certain Cross-Border Over-the-Counter Derivatives Entities in Connection with the Use of Substituted Compliance by Such Entities* between the SEC and the French Authorities, dated July 23, 2021; (ii) the *MoU concerning consultation, cooperation and the exchange of information related to the supervision of the relevant entities in the asset management industry* between the SEC and the AMF, dated February 12, 2014; (iii) the *Administrative Arrangement for the transfer of personal data*, to which the SEC (May 10, 2019) and AMF (May 14, 2019) are signatories; (iv) the *IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information* (revised May 2012) ("IOSCO MMOU") to which the SEC and AMF are signatories, which covers information-sharing in the context of enforcement investigations; or (v) any other existing arrangements concerning cooperation in securities matters to which the Authorities are signatories. This MOU is also intended to complement, but does not supersede or alter the terms and conditions of the following arrangement concerning cooperation in securities matters as of such time that the AMF becomes a co-signatory to the arrangement with the SEC, should that occur: the *IOSCO*

<sup>1</sup> See the Banking and Financial Law No. 2019-486, dated 22 May 2019, which, through a specific provision dedicated to credit institutions and investment firms, derogates from other legal provisions of general application, including from (i) the French Act No. 68-678 of 26 July 1968 relating to the communication of documents and information of an economic, commercial, industrial, financial or technical nature to natural persons or legal entities, as amended by French Act No. 80-538 dated July 16, 1980, and (ii) French professional secrecy law (Articles L511-33 and L531-12 of the MFC).

*Enhanced Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information* (2016) (“IOSCO EMMOU”), which covers information-sharing in the context of enforcement investigations.

24. To facilitate communication and cooperation under this MOU, the Authorities hereby designate contact persons as set forth in Annex A, which may be amended from time to time by an Authority transmitting revised contact information in writing to the other Authorities.
25. Nothing in this MOU shall be construed to limit an Authority in the discharge of its regulatory responsibilities pursuant to applicable laws and regulations.

### **Article III: Scope of Consultation, Cooperation, and Exchange of Information**

#### **General**

26. The Authorities recognize the importance of close communication and cooperation concerning Covered Firms in respect of their Covered Activities and intend to consult regularly, as appropriate, regarding:
  - a. General supervisory and oversight issues, or other related developments;
  - b. Issues relevant to the operations, activities, and regulation of Covered Firms in relation to their Covered Activities; and
  - c. Any other areas of mutual supervisory interest.
27. The Authorities intend to cooperate in the event that a Covered Firm, particularly one whose failure would likely be of systemic importance, experiences, or is threatened by, a potential financial crisis or any other Emergency Situation.
28. Cooperation will be most useful in, but is not limited to, the following circumstances where issues of common regulatory concern may arise:
  - a. The initial application with the SEC by a French Firm for registration as an SEC Security-Based Swap Entity, or the initial application with a French Authority for authorization designation, qualification, registration or exemption therefrom by an entity that is an SEC Security-Based Swap Entity;
  - b. The ongoing supervision and oversight of a Covered Firm with respect to its Covered Activities, including compliance with the Laws and Regulations in either jurisdiction; and
  - c. Regulatory actions or approvals taken in relation to a Covered Firm by an Authority that may impact the operations of the Covered Firm with respect to its Covered Activities in the jurisdiction of the other Authority.

## **Notification**

29. As appropriate in the particular circumstances and with respect to Covered Activities, the SEC and each French Authority will endeavor, where practicable and reasonable, to inform, respectively, the French Authorities or the SEC as soon as possible, of:
- a. Regulatory changes that may have a significant impact on the Covered Activities of a Covered Firm;
  - b. Any material event of which the Authority is aware that could adversely and directly impact a Covered Firm. Such events include known changes in the ownership, operating environment, operations, financial resources, management, or systems and control of a Covered Firm;
  - c. Regulatory actions or sanctions, including but not limited to the revocation, suspension or modification of relevant authorization, designation, qualification, registration, or exemption therefrom, concerning or related to a Covered Firm; and
  - d. Significant changes in the Authority's rules and regulations or the laws and/or regulations applicable to the Authority that may negatively impact its ability to provide assistance under this MOU.

## **Request-Based Information Sharing**

30. To the extent necessary to supplement informal consultations, the Requested Authority intends to provide assistance to the Requesting Authority for the purposes of supervision and oversight of Covered Firms with respect to Covered Activities and ensuring compliance with the Laws and Regulations and carrying out other supervisory and oversight functions of the Requesting Authority including in obtaining information not reasonably otherwise available to the Requesting Authority, and, where needed, interpreting such information that is relevant to ensuring a Covered Firm's compliance with the Laws and Regulations. The information covered by this paragraph includes, but is not limited to, the following:
- a. Information relevant to the financial and operational condition of a Covered Firm with respect to Covered Activities, including, for example, financial resources, risk management, internal control procedures, capital structure, liquidity and funding profiles, reports of capital reserves, and corporate information;
  - b. Relevant regulatory information and filings that a Covered Firm is required to submit to an Authority with respect to Covered Activities, including, for example, interim and annual financial statements and early warning notices; and
  - c. Regulatory reports prepared by an Authority with respect to Covered Activities, including for example findings or information drawn from inspection or examination reports.

31. To the extent possible, a request for assistance pursuant to Paragraph 30 should be made in writing (which may be transmitted electronically), and addressed to the relevant contact person(s) identified in Annex A. A request generally should specify:
  - a. The information sought by the Requesting Authority;
  - b. A description of the matter that is the subject of the request;
  - c. The purpose for which the information is sought, including applicable Laws and Regulations and, to the extent such information includes personal data, a statement addressing the necessity for processing the personal data to fulfill the purpose of the request; and
  - d. The requested time period for reply and, where appropriate, the urgency thereof.
32. The Authorities will make their reasonable best efforts to handle requests for assistance under Paragraph 30 in a timely manner.
33. In Emergency Situations, the Authorities will endeavor to notify each other as soon as practicable of the Emergency Situation and will cooperate as appropriate in the particular circumstances, taking into account all relevant factors, including the status of efforts to address the Emergency Situation. During Emergency Situations, requests for information and responses may be made in any form, including orally, provided such communication is confirmed in writing promptly following each request.

#### **Periodic Consultations**

34. Representatives of the Authorities may consult periodically, as appropriate, to update each other on their respective functions and regulatory oversight programs and to discuss issues of common interest relating to the supervision and oversight of Covered Activities of Covered Firms, including, but not limited to: contingency planning and crisis management, potential systemic risks, the adequacy of existing cooperation arrangements, and enhancing cooperation and coordination between the Authorities.

#### **Provision of Unsolicited Information**

35. Where an Authority has information which will assist or enable the other Authority in the performance of its regulatory functions, the Authority may provide such information, or arrange for such information to be provided, on a voluntary basis although no request has been made by the other Authority. The terms and conditions of this MOU will apply to such information if the providing Authority specifies it is provided under this MOU.

#### **Article IV: Direct Requests Made to Covered Firms**

36. The SEC has informed the French Authorities that, as a condition of registration and maintaining its status as an SEC Security-Based Swap Entity, a Covered Firm must commit,

among other things, that its Books and Records are subject to examination and copying by the SEC and will be made available and supplied directly by the Covered Firm to the SEC promptly in response to the SEC's request, including in connection with an On-Site Visit.

37. The SEC will directly request from a Covered Firm the Books and Records when necessary to fulfill the SEC's regulatory mandate consistent with the provisions of Paragraphs 46 and 49 of Article VI below. In addition, SEC staff may conduct interviews with employees of a Covered Firm during examinations, including during On-Site Visits, and maintain any written records of such interviews.
38. In case of refusal by a Covered Firm to supply promptly and directly to the SEC a copy of the Books and Records, the SEC may inform the French Authorities who will liaise with the Covered Firm in order to help solve issues resulting from such refusal. The French Authorities agree to assist promptly in liaising with such Covered Firm. The SEC routinely may communicate directly with Covered Firms.
39. The GDPR includes mechanisms that permit the transfer of personal data from entities, acting as controller or processor, in the European Union (EU) such as Covered Firms to public authorities such as the SEC in the absence of an adequacy decision pursuant to Article 45(3) of the GDPR.<sup>2</sup> For instance, Article 46(1) of the GDPR provides that an EU entity may transfer personal data to a third country if the entity has provided "appropriate safeguards, and on condition that enforceable data subject rights and effective legal remedies for data subjects are available," Furthermore, Article 49 of the GDPR provides that in the absence of an adequacy decision pursuant to Article 45(3) of the GDPR, or of appropriate safeguards pursuant to Article 46, a transfer or a set of transfers of personal data to a third country may take place pursuant to a derogation provided that the conditions of such a derogation are met. Such conditions include:
  - i. the data subject has explicitly consented to the proposed transfer, after having been informed of the possible risks of such transfers for the data subject due to the absence of an adequacy decision and appropriate safeguards;
  - ii. the transfer is necessary for the performance of a contract between the data subject and the controller or the implementation of pre-contractual measures taken at the data subject's request;
  - iii. the transfer is necessary for the conclusion or performance of a contract concluded in the interest of the data subject between the controller and another natural or legal person;
  - iv. the transfer is necessary for important reasons of public interest; and

---

<sup>2</sup> According to Article 44 of the GDPR, any transfer of personal data to third countries or international organizations must, in addition to complying with Chapter V of the GDPR, also meet the conditions of the other provisions of the GDPR.

- v. in case none of the above conditions are applicable, if the transfer is not repetitive, concerns only a limited number of data subjects, is necessary for the purposes of compelling legitimate interests pursued by the controller which are not overridden by the interests or rights and freedoms of the data subject, and the controller has assessed all the circumstances surrounding the data transfer and has on the basis of that assessment provided suitable safeguards with regard to the protection of personal data. The controller shall, in addition to providing the information referred to in Articles 13 and 14 of the GDPR, inform the data subject of the transfer and of the compelling legitimate interests pursued.
40. The European Data Protection Board has issued guidelines to provide guidance as to the application of Article 49 of the GDPR on derogations in the context of transfers of personal data to third countries.<sup>3</sup>
41. None of the provisions contained in this MOU should be construed as a limitation on: (i) the SEC's ability to obtain Books and Records from a Covered Firm or conduct an On-Site Visit of a Covered Firm in accordance with Article V; (ii) the Covered Firm's obligations under U.S. Laws and Regulations, including the obligation to provide its Books and Records directly to the SEC; or (iii) a non-registered Security-Based Swap Entity's obligation to provide an opinion of counsel and certification pursuant to Exchange Act Rule 15Fb2-4(c)(1) regarding the SEC's ability to obtain the Security-Based Swap Entity's Books and Records and conduct On-Site Visits.
42. None of the provisions contained in this MOU should be construed as a limitation on the Covered Firms' and the French Authorities' obligations under applicable laws and regulations.

#### **Article V: On-Site Visits**

43. Where necessary in order to fulfill its supervisory and oversight responsibilities, and to review compliance with its Laws and Regulations, an Authority may conduct On-Site Visits of Covered Firms located in the territory of the other Authority, including to inspect, examine, and obtain Books and Records of a Covered Firm directly through such On-Site Visit.
44. In case of information to be obtained through such On-Site Visits, the Authorities should discuss and reach an understanding on the terms of such On-Site Visits. The Authorities will endeavor to comply with the following procedures before conducting an On-Site Visit in another Authority's jurisdiction:
- a. The Visiting Authority will notify the Local Authority of its intent to conduct an On-Site Visit, including the intended purpose and scope of the On-Site Visit. The

Authorities will consult with a view to reaching an understanding on the intended timeframe for the On-Site Visit.

- b. When establishing the scope of any proposed On-Site Visit, the Visiting Authority will give due and full consideration to the supervisory activities of the Local Authority and any information that was made available or is capable of being made available by the Local Authority.
  - c. The Local Authority intends to share with the Visiting Authority any relevant reports, or information contained therein, related to inspections, examinations or compliance reviews it may have undertaken regarding the Covered Firm in relation to Covered Activities.
  - d. The Visiting Authority will contact the Local Authority prior to notifying the Covered Firm.
  - e. The Visiting Authority and the Local Authority intend to assist each other regarding On-Site Visits, including by cooperating and consulting in reviewing, interpreting, and analyzing the contents of public and non-public Books and Records and obtaining information from directors and senior management and employees of a Covered Firm.
45. The French Authorities will accompany the SEC staff during On-Site Visits in France. This provision should not cause any On-Site Visit to be unreasonably delayed. The SEC may, in its discretion, accompany the French Authorities during On-Site Visits in the United States.

#### **Article VI: Permissible Uses of Information**

46. The Requesting Authority may use non-public information obtained under this MOU for supervision and oversight of Covered Firms, and, in cases where the Requesting Authority is the SEC, for supervision and oversight of other SEC Security-Based Swap Entities, and to seek to ensure compliance with the Laws and Regulations and orders of the jurisdiction of the Requesting Authority with respect to Covered Activities of Covered Firms.
47. Before using non-public information obtained from the Requested Authority under this MOU for any purpose other than those stated in Paragraphs 46, 48 and 49, the Requesting Authority must first consult with and obtain the written consent of the Requested Authority for the intended use. If consent is denied by the Requested Authority, the Authorities will consult to discuss the reasons for withholding approval of such use and the circumstances, if any, under which the intended use by the Requesting Authority might be allowed.
48. To the extent a Requesting Authority determines that non-public information obtained from the Requested Authority under this MOU needs to be used for enforcement purposes, the Requesting Authority will notify the Requested Authority and use such information in accordance with the terms and conditions of the IOSCO MMOU and/or, as applicable, another arrangement for enforcement cooperation between the Authorities, such as the IOSCO EMMOU at such time as the AMF becomes a signatory to the IOSCO EMMOU.

49. To the extent a Requesting Authority determines that non-public information obtained from a Covered Firm under this MOU needs to be used for enforcement purposes, the Requesting Authority will notify the Requested Authority and will send a request for assistance to the Requested Authority pursuant to the terms and conditions of the IOSCO MMOU and/or, as applicable, another arrangement for enforcement cooperation between the Authorities, such as the IOSCO EMMOU at such time as the AMF becomes a signatory to the IOSCO EMMOU. Nothing in this MOU, however, shall impede the Requesting Authority's ability to enforce its laws and regulations.

## **Article VII: Confidentiality of Information and Onward Sharing**

50. Except for disclosures in accordance with this MOU, including permissible uses of information under Article VI, each Authority will keep confidential, to the extent permitted by law, non-public information shared with it by another Authority pursuant to Article III of this MOU, including requests made under this MOU, the contents of such requests, responses and related communications or consultations between the Authorities, and any other matters arising under this MOU. Except as provided in Article VI and Paragraphs 51, 52, 53 and 55, the Authorities will not disclose non-public information received from another Authority under Article III of this MOU to any third party for any purpose unless the Requesting Authority has obtained the prior written consent of the Requested Authority. The Requested Authority will take into account the urgency of the request to provide such consent in a timely manner.
51. During an Emergency Situation, consent may be obtained in any form, including orally, provided such communication is confirmed in writing as promptly as possible following such notification. If consent is denied, the Authorities will consult to discuss the reasons for withholding consent and the circumstances, if any, under which the intended disclosure by the Requesting Authority might be allowed.
52. Each French Authority may share non-public information obtained from the SEC under this MOU with the other French Authority so long as that other French Authority uses and treats the information in accordance with the terms of this MOU.
53. In certain circumstances, it may become necessary for the Requesting Authority to share non-public information obtained from the Requested Authority under this MOU with a Governmental Entity. In these circumstances and to the extent permitted by law:
- a. The Requesting Authority seeking to share information with a Governmental Entity will notify the Requested Authority; and
  - b. Prior to sharing the non-public information with a Governmental Entity, the Requesting Authority will receive adequate assurances concerning the Governmental Entity's use and confidential treatment of the information, including, as necessary, assurances that:

- i. the Governmental Entity has confirmed that it performs a function similar to a function of the Requested Authority or regulates or supervises securities, derivatives, banking, insurance or other financial services;
  - ii. the Governmental Entity will maintain a level of confidentiality in respect of the non-public information it has received at least equivalent to that which the Requesting Authority is subject to pursuant to this MOU (including, where relevant, restrictions or conditions imposed on it by the Requested Authority);
  - iii. the non-public information will be used for supervisory and oversight of Covered Activities and in a manner consistent with this Article VII;
  - iv. the Governmental Entity will not use information received in accordance with this MOU in an enforcement proceeding; and
  - v. to the extent permitted by law, the non-public information will not be shared by the Governmental Entity with other parties without getting the prior written consent of the Requested Authority.
54. The Authorities intend that, to the extent permitted by law, the sharing or disclosure of non-public information, including but not limited to deliberative and consultative materials, such as written analysis, opinions or recommendations relating to non-public information that is prepared by or on behalf of an Authority, pursuant to the terms of this MOU, will not constitute a waiver of privilege or confidentiality of such information.
55. To the extent possible, the Requesting Authority will notify the Requested Authority of any legally enforceable demand for non-public information furnished under this MOU. Prior to compliance with the demand, the Requesting Authority shall assist in preserving the confidentiality of the information by taking all appropriate legal measures including asserting all appropriate legal exemptions or privileges with respect to such information as may be available and, where possible, will consult with the Requested Authority in any actions or proceedings which seek to safeguard the confidentiality of the information.
56. The Requesting Authority will establish and maintain such safeguards as are necessary and appropriate, including appropriate administrative, technical, and physical safeguards, to protect the confidentiality, data security, and integrity of any non-public information obtained from the Requested Authority. Such safeguards will include restricting access to non-public information from the Requested Authority to only those staff and contractors of the Requesting Authority who have a need to know the information in the performance of their official work duties except as authorized pursuant to this MOU.
57. The Requesting Authority will promptly notify the Requested Authority in the event of an unauthorized disclosure of nonpublic information obtained from the Requested Authority, including, where possible, identifying the recipient(s) of information.

**Article VIII: Amendments**

58. This MOU may be amended by the written consent of the Authorities.
59. The Authorities will periodically review the functioning and effectiveness of this MOU with a view to, among other purposes, adjusting the scope or operation of this MOU as necessary.

**Article IX: Execution**

60. Cooperation in accordance with this MOU will become effective on the date this MOU is signed by the Authorities.

**Article X: Termination**

61. Cooperation in accordance with this MOU will continue until the expiration of 30 days after an Authority gives written notice to the other Authorities of its intention to terminate this MOU, or for such longer period as otherwise provided by the Authority in such notice with the consent of the other Authorities. If an Authority gives such notice, cooperation will continue with respect to all requests for assistance that were made under this MOU before the effective date of notification until the Requesting Authority terminates the matter for which assistance was requested. In the event of termination of this MOU, information obtained under this MOU will continue to be treated in the manner prescribed under Articles VI and VII.
